SANGER

as Conservatives put toilet closers back in power

Local residents are up in arms at the news the people who closed Shepway's toilets last year are back in power.

Former Council Leader Cllr Linda Cuffley has been brought back into Shepway's ruling cabinet by the *Conservatives!*

Cllr Cuffley was removed from Council leadership by the Lib Dems last year after several dreadful decisions including attempting to close the toilets. Cllr Cuffley and several of her supporters were then expelled from the Lib Dems.

Now the Conservatives have put them back in power.

Lib Dem candidate Emily Sanger condemned the move saying, "Like

many local residents, I can't believe this decision."

"The decision taken by Cllr Cuffley and her cabinet colleagues to close the toilets was disastrous. I am appalled to see the Tories putting her and her friends back in power."
