## Conservative Council can't keep streets clean

An official report has confirmed that the Council is failing to keep local streets clean.

The is despite record council tax, bills from our Conservative run Councils this year.

Local campaigner Maggie Barrett said, “Local people

often tell me how appalled they are at the state of some parts of Folkestone.”

“We deserve better for our council tax money.”

The Lib Dems are leading the campaign to clean up Folkestone. They believe the council should make cleaner streets a top priority.

Cllr Lynne Beaumont said, “It’s time the council got the basics right.”

“Cleaner streets will make our area look better and help us bring new investment to our town.”

● Maggie Barrett

## Real action to make Folkestone cleaner

Lib Dem councillors are fighting to make our town cleaner. They want to -

- Bring street cleaning back under local control
- Make sure all local streets are swept regularly
- Bring in common-sense thinking : for example sweep streets AFTER bins are emptied. Empty street litter bins at the end of the day so seagulls don't attack rubbish.
